

*1995 - 2009*

*It is with profound sadness that I announce the passing of our beloved Thais (Multi Ch. Silkstone Opera Queen).*

*Thais was not only very close to the perfect standard of the Whippet but she was also the most sweet nature with a touch of English phlegmatism ... Nothing in the world could disturb her.*

*The love and affection we shared over the years spent together never stopped growing: to us she was a truly cherished family member.*

*In her younger years Thais did some impressive wins in the European showings. She only produced two litters but she managed to pass all her qualities on to her offspring. Thanks to the success of her son and daughter Tibère and Tiffany, who were the First UK Champions bred in France, she was awarded the title Top Brood Bitch 2007 in the United Kingdom.*

*Her grandchildren are successfully following in her footsteps now, keeping the memory of Thais alive.*

*Sleep gently, Sweetheart, thank you for all your love and companionship. We miss you terribly and we will never forget you.*
